

Kindergym Workshop

presented by Robyn Crowe

SUNDAY 12th JUNE – 10:00am – 12:00noon

Address: Unit 8, 97 Lewis Rd, Wantirna South, VIC

Early childhood is the time when all young children's fundamental movement patterns and sense of self are established. Movement and music experiences are such powerful ways to enhance the learning of these foundations skills and self-esteem.

So as educators/leaders we need to understand how these essential skills will impact on their growing and learning, and then just as importantly, be able to implement creative activities that are varied, educational, age appropriate and engaging.

This workshop will provide you with all of this, so come along, have some fun and find new ways and loads of ideas, to develop your Kindergym programs.

Dress for comfort and participation

Workshop cost \$35.00 (Places are limited)

Information and registration: info@aerodynamix.com.au

Robyn Crowe is a qualified teacher whose background includes many years teaching physical education, coaching gymnastics and teaching in preschools. She now specializes in early childhood movement and music and the impact it has on brain development and learning.

Robyn was an accredited national presenter for Gymnastics Australia for more than 15 years and is also keenly sought after as a popular motivating presenter, locally, nationally and internationally at conferences and workshops. Whilst presently teaching at the tertiary level, she continues to keep in touch with the needs of young children teaching movement and music sessions in schools and centers.

Robyn's professionalism, combined with her unique ideas, creativity and passion for children's education has led to her authoring an exciting collection of original manuals, CD's and visual resources for early childhood educators, coaches, parents and child care providers. www.robyncrowe.com
